

ZAIMIS AND GREEK CABINET RESIGN

Athens Despatches Indicate Possible Dissolution of Parliament

RUSS CLAIM VICTORY

Report Capture of 5,000 Prisoners on the Stripa and Successes at Other Points

BULGARS CLOSER TO NISH

LONDON, Nov. 4.—The defeat of Greek government in the chamber of deputies and the consequent resignation of the Zaimis cabinet, is the latest sensation afforded by the Balkans.

Places Responsibility on King.

By handing the resignation of his cabinet to King Constantine, M. Zaimis again places on the king the responsibility of deciding the future policy of his country. In London the first impression was that the defeat of the government would mean the immediate recall of M. Venizelos and the fulfillment of the original agreement between him and the allied powers to go to the assistance of Serbia.

In this belief the news caused a distinct rally on the stock exchange. Later despatches from Athens, however, indicated a possible dissolution of parliament. Should this course be taken it would be at least two months before an election could be held and the new cabinet meet in Athens. In the meantime either the Zaimis cabinet, the resignation of which has not yet been accepted, with perhaps a change in the ministry of war, or some other cabinet favoring the King's policy of continued neutrality, would have charge of affairs and consequently there would be no change in the military situation.

Roumania is in somewhat the same position as Greece. A majority of the people of that country favor the allies, while the king and government wish to maintain neutrality, at least until it appears clear that the allies can win the war. There have been continual demonstrations in Roumania in favor of intervention, which have been heightened by the presence of a large Russian force on the northeastern border waiting to attack Bulgaria.

Russ Start Counter Offensive.

In Berlin according to reports, fear has been expressed that this force will be allowed to march through Roumanian territory and that it might be joined by the Roumanian army. To discourage this an Austro-German force is being assembled on the western borders of Roumania. Thus the anxiety of the Roumanian government can be understood. Besides massing troops, the allies are taking other steps to persuade Greece and Roumania that it is to their interest to join against the Central powers. Having checked the German offensive along the whole eastern front, except directly west of Riga, where the nature of the ground makes an advance difficult, the Russians have started a counter offensive at three points—west of Dvinsk, on the Styr in Volhynia and on the Stripa in Galicia. On the Stripa river, they claim to have won a great victory and to have captured 5,000 prisoners, although admitting that the battle is still in progress. They claim successes at other points. The Germans on their side, assert that all the attacks have been repulsed with heavy losses to the Russians in killed, wounded and prisoners.

Serbs Continue Retirement.

From an unofficial source it also is reported that the Russians are advancing in strong force and have captured important positions near Czernowitz, a movement calculated more than anything else to induce Roumania. The Serbians, who are making a stand in the south where they are supported by the British and French, continue retirement before the Austro-Germans and Bulgarians in the North and Northeast.

The Bulgars are now within ten miles of Nish and are advancing northward from Uskun toward Pristina.

Thus, besides being in danger of losing their capital the Serbians are threatened with being cut from the south and will have only one line of retreat to Montenegro. They are fighting severe rear-guard actions, nevertheless and are leaving little or nothing behind for the invaders.

The fighting continues in the Champagne district of France with the fortunes of war fluctuating. While the Italians persist in their offensive, the Austrians claim that no progress has been made by their adversaries.

WILL CLAIM GERMANS PARTLY OWN SHIP.

London, Nov. 4.—The foreign office in reply to Ambassador Page's inquiry why the American steamer Hocking was taken into Halifax by a prize crew from a British warship, will claim that the Hocking is partly owned by Germans and that her confiscation is permissible.

BUSINESS OF NATIONAL BANKS EXPANDS

COMPTROLLER OF CURRENCY, WILLIAMS ISSUES STATEMENT

Report is Based on Returns of 7,613 National Banks of the United States to His Call for Their Condition September 2.

Washington, Nov. 4.—Substantial expansion of the business of National banks since the inauguration of the federal reserve system is shown in a statement issued tonight by Comptroller of the Currency Williams, based on the returns of the 7,613 National banks of the United States to his call for their condition Sept. 2.

"The total resources of these banks on Sept. 2d," says the statement, "exceeded by more than \$424,000,000 the greatest resources ever shown by any previous call in the history of the National banking system and amounted to \$12,267,099,425."

The increase in resources over the call of June 23, 1915, was \$471,000,000. The increase in resources over the call of Sept. 12th, 1914 was over \$783,000,000.

"Loans and discounts including letters of credit and customers' liability on account of acceptances, amounted to \$6,825,000,000 being an increase over the June statement of \$165,000,000 and showing an increase compared with September 12th, 1914 of \$425,000,000. Total deposits amounted to \$9,229,000,000, exceeding by \$337,000,000 the highest amount ever previously shown and being \$408,000,000 in excess of the total deposits in the June statement."

STATES MRS. ALLEN APPARENTLY WAS ATTACKED BEFORE BEING KILLED

JOLIET, Ill., Nov. 4.—Dr. Hal-dane Clemonson, a former Chicago physician, now serving a life term in the penitentiary for murder, testified today in the trial of Joe Campbell, a convict charged with the murder of Mrs. Odette Allen, wife of the former warden, that Mrs. Allen apparently had been attacked before she was killed in her bed. Dr. Clemonson was the first physician who saw Mrs. Allen after the fire in the administration building of the penitentiary in which she lost her life. In his testimony before the coroner's jury, there was no record that he said anything of an attack.

Dr. Clemonson testified that when he had hurried to Mrs. Allen's apartment, Campbell, who was a trusty and had been the Allen's servant, barred the door refusing at first to permit him to enter the room.

ARTHUR COPPELL IS NAMED HEAD OF DENVER & RIO GRANDE

NEW YORK, N. Y., Nov. 4.—Arthur Coppel of the New York Banking house of Maitland, Coppel & Co., was today elected to the presidency of the Denver & Rio Grande railroad company at a re-organization meeting of the board's directors. His election is believed to foreshadow serious differences between important banking interests now in control of the Missouri company and the Gould interests which have strengthened their hold on Denver and Rio Grande as a result of the election.

Mr. Coppel's acceptance of the Denver & Rio Grande presidency is only temporary as he is to be succeeded shortly by H. U. Mudge, until recently president of the Chicago, Rock Island & Pacific railroad and now chief operating official of that system under the receivership.

CAMPAIGN AGAINST PREVENTABLE BLINDNESS IS INAUGURATED

NEW YORK, Nov. 4.—A campaign against preventable blindness was inaugurated at the first annual meeting of the National committee for prevention of blindness, which has co-ordinated the activities of allied societies in various states. Joseph H. Choate, an honorary vice-president of the committee, presided and the speakers were former President William H. Taft, honorary president of the committee, and Dr. George E. DeSchweinitz, professor of ophthalmology in the University of Pennsylvania.

VILLA TROOPS RAID RANCH

Naco, Nov. 4.—A detachment of Villa soldiers were reported today to have raided the ranch of N. F. D. Nichols, east of here, on the American side of the border last night. Some of the soldiers slept there last night and re-crossed the border today on their way here.

GROWS FLOCK TO TOKIO.

Tokio, Nov. 5.—Immense crowds are flocking to Tokio to witness the imperial departure of Klot, where the accession of the emperor Yosh-hito to the throne will be celebrated on November 10th. The emperor will leave the palace at six o'clock Saturday morning and with him will go the entire court and members of the government.

TO WATCH PENDING LEGISLATION

New York, Nov. 4.—A small committee from the National association opposed to woman suffrage, it was announced here today, will maintain headquarters in Washington, during the coming session of congress to watch pending legislation.

OBREGON LEAVES FOR AGUA PRIETA

Will Take Personal Charge of Campaign Against Francisco Villa

FOUR AMERICANS KILLED

Villa Reports that Americans Were Shot Down By Calles' Fire in Front of Agua Prieta

WILL NOT PERMIT REMOVAL

EAGLE PASS, Texas, Nov. 4.—General Alvaro Obregon, the Carranza commander-in-chief, departed for Douglas, Arizona, tonight to take personal charge of the campaign against Francisco Villa. Obregon's plans to leave tomorrow were suddenly set aside tonight and the trip began after permission to pass thru American territory had been asked of Washington. He will cross the border from Douglas to Agua Prieta, where Villa's forces yesterday were repulsed.

Carranza Expresses Appreciation.

For the first time perhaps since his recognition General Carranza today gave vent to an expression of appreciation for what the United States government has done for him. In an extended talk with John Lind, former personal representative of President Wilson in Mexico, the first chief expressed great admiration for President Wilson and for "the constancy of purpose and good will which he has shown in dealing with the Mexican situation."

General Carranza also expressed the hope that diplomatic relations between the United States government and the de facto Mexican government would be resumed in a very short time.

Four Americans Killed.

Naco, Ariz., Nov. 4.—Francisco Villa reached the border opposite here today with 3,000 of the army defeated by the Carranza forces Monday at Agua Prieta and told American army officers that Dr. R. H. Thighen, chief surgeon of the Cananea Consolidated Copper company, his assistant Dr. Miller and two American chauffeurs, J. D. Pylant and A. L. Wilson, had been killed by Calles' fire in front of Agua Prieta. They were wandering into the line of fire and were all shot down under a red cross flag. They were buried where they fell but Villa, while formally expressing regret at their death, declined tonight to say where they were buried. He could not permit any bodies to be disinterred, to clear the doubt that they were dead. This doubt was caused by the statement of Dr. Frederick H. Wickham of St. Louis, who dashed across the line this afternoon shouting that he was about to be shot and afterward declared he had seen Drs. Thighen and Miller at 9 o'clock last night.

Four Thousand at Villavieja.

Four thousand of Villa's men are at Villavieja a watering station and cattle center, 22 miles south on the Naco-Cananea railroad. Another detachment was reported tonight to be looting stores and residences at Cananea. Mrs. Thighen, wife of the missing doctor and her daughter, were refugees here today from Cananea.

Villa began receiving supplies as soon as he reached Naco and stated that he personally intended to leave tonight. It was believed, however, that he would go to Nogales, where the army force at Villavieja would be left to oppose any pursuit by the Carranza forces under Calles at Naco.

Another attack on Agua Prieta by the Villa army appeared to be a distant prospect.

CAPT. HANKANSSON IN NEW YORK.

New York, Nov. 4.—Captain A. E. Houkanon of the recently organized Swedish-American Steamship line, which purchased the Holland-American liner Potsdam, arrived here today on the steamship New Amsterdam, to arrange for the initial sailing of the service to begin in December.

PORTER WINS FIRST CHOICE.

Minot, N. D., Nov. 4.—Charles R. Porter of Anoka, Minn., won the right of first choice of a 160 acre tract of land from the 700 home-steads to be opened to entry next May at the Port Berthold land drawing here today. The first envelop drawn by a little girl from a large wooden box on the stage of a local theatre contained Porter's name.

ASK SPECIAL REPRESENTATIONS

Washington, Nov. 4.—Counsel for Chicago packers called at the state department today with a complaint that Great Britain had imposed new and more rigid restrictions upon their trade with neutral European countries. They asked that special representations be made to the British foreign office and the matter is now being considered by the department.

TELEGRAPHIC BRIEFS

CHICAGO, Nov. 4.—Practically every ship, passenger and freight, engaged in interstate commerce carries a polluted drinking water supply, according to Dr. J. O. Cobb, commanding officer of the public health service in the department of the lakes.

GRAND RAPIDS, Mich., Nov. 4.—James S. Hawkins, city treasurer, was today found guilty of Malfeasance in office and impeached by the common council, sitting as an impeachment court. The action was the result of lengthy proceedings, in which Hawkins was charged with irregularities in connection with tax title transactions.

WASHINGTON, Nov. 4.—William V. Clary, former town clerk of Haverstraw, N. Y., acquitted last January of the murder of his son-in-law, Eugene M. Newman, after a sensational trial, was arrested here today on a warrant charging larceny of \$10,000 from the town of Haverstraw.

MADISON, Wis., Nov. 4.—Former Governor W. D. Hoard, of Fort Atkinson, prominent in the fields of dairying, has been selected as Wisconsin's most distinguished citizen and will be honored by the Panama-Pacific exposition.

CHICAGO, Nov. 4.—Charles H. Conover, president of Hibbard, Spencer, Bartlett and Company, a director of the National Bank of the Republic, Chicago, and of the Chicago Great-Western railroad, died at his home here today. He was 68 years old and a reputed millionaire.

WASHINGTON, Nov. 4.—Private W. L. Dudshek of the marine corps, was seriously wounded and five others were killed yesterday in a fight between a marine patrol and natives near Le Trou, Haiti. Quiet prevails elsewhere in the island.

DIVERNON, Ill., Nov. 4.—Jumping off the motor car drawing a string of cars thru the mine of the Madison Coal corporation here today, George Young, the trip rider, or switchman, lost his footing and fell beneath the wheels. He was killed. David Young, his brother, was the motor-man.

ROCK ISLAND, Ill., Nov. 4.—M. H. Sexton of this city, in leaving for San Francisco to attend the annual meeting, November 9 to 11, of the National Association of Minor Baseball leagues, today announced that he would not be a candidate for reelection.

FIRE DESTROYS ILLINOIS MIDLAND RAILWAY SHOPS AT TAYLORVILLE

DECATUR, Ill., Nov. 4.—Fire which broke out early today in the boiler room of the Illinois Midland shops at Taylorville, destroyed the round house, car shops, offices, store rooms and tons of machinery and tools. Two locomotives were also totally damaged. The loss is estimated in the neighborhood of \$100,000.

The Midland structures were practically new. Officials of the road are planning to rebuild the plant.

DENIES ALLEGED STATEMENT.

San Francisco, Nov. 4.—In the court martial of Lieut. Col. Louis E. Goodier, judge advocate of the Western department of the United States army, the defendant denied on the witness stand today that he had ever said to anyone that he intended "to get that—out of the service," referring to Captain A. S. Cowan, commandant of the aviation school near San Diego, Calif.

EIGHT STILL MISSING.

Mashfield, Ore., Nov. 4.—Four passengers and four members of the crew of the steamer Santa Clara, which was wrecked Tuesday at the entrance to Coos Bay were still unaccounted for tonight.

If it develops that they all were lost, the death list will total sixteen.

WORK NIGHT AND DAY.

Paris, Nov. 4.—Work on the railroad being built from La Roche to Salornit, which will form a railway connection between Athens and Saloniki, is being pushed night and day, says a Saloniki despatch to the Temps.

ATTORNEYS CLASH AT SCHMIDT TRIAL

Prosecution's Challenged to Make Tveitmoe a Co-defendant

M'KENZIE SHOUTS QUERY

Asks Special Prosecutor Whether or Not He Had Tried to "Get" Tveitmoe Before

DEFENSE PRESS CONTENTION

LOS ANGELES, Nov. 4.—A challenge to the prosecution to make Alaf A. Tveitmoe, a co-defendant with Matthew A. Schmidt, was made to at the trial of Schmidt, who is charged with murder in connection with the destruction of the Los Angeles Times building, October 1st, 1910.

It was the first time the name of Tveitmoe, the San Francisco leader and secretary of the state building trades council has been mentioned before the court.

In the course of a wrangle between the attorneys, after the jurors had been excused for the day, over the alleged misuse of the grand jury by the prosecution of Edwin V. McKenzie of counsel for the defense, jumped to his feet and explained: "If you want to get Tveitmoe, why don't you insert his name in this indictment in place of John Doe or Richard Roe?"

Turning to James W. Noel, of Indianapolis, special prosecutor he continued: "You tried to get Tveitmoe before but you didn't get him—did you Mr. Noel?"

"I think we did," retorted Mr. Noel. "If you read the case of the United States against Ryan, tried in Indianapolis, you will find that we did."

The controversy arose when the defense pressed its contention that the prosecution was trying to obtain information from Marie Latta Lipton, a friend of Schmidt and a prospective witness, by causing her to be examined before the grand jury. The defense requested Judge Willis to order that transcript of the testimony of Mrs. Lipton before the grand jury be made and furnished the defense on the grand that her testimony related to the present case.

Thomas Lee Wolwine, district attorney, insisted that the testimony before the grand jury related to a different case than the one now on trial.

ENTIRE STATE OF NEW YORK IS FREED FROM QUARANTINE

WASHINGTON, No. 4.—The entire state of New York is freed of the foot and mouth disease quarantine by an order signed today by the secretary of agriculture and effective tomorrow.

In Massachusetts Worcester Co., is made a restricted area except for a small tract within five miles of one remaining infected premise.

In Illinois a portion of Dwight township, Livingston county has been added to the closed quarantine area.

WILBER E. CRANE TESTIFIES IN TRIAL OF C. B. MUNDAY

MORRIS, Ill., Nov. 4.—Wilbur E. Crane, first receiver for the Southern Traction company to which the La-Salle Street Bank & Trust company of Chicago made loans, testified today in the trial of C. B. Munday, vice-president of the bank. He told of a trip to London where, he said, he received a promise from a syndicate of a loan of \$75,000. It was on the strength of this promise, the defense said, that a large part of the funds obtained by the traction company were loaned.

SELECT HIGHWAY ROUTE.

Evansville, Ind., Nov. 4.—The Dixie Bee Line Highway as finally selected by the board of commissioners today will run south from Danville, Ill.

The route was decided on after a stormy session lasting six hours. The delegates from Vermillion county, Indiana won over those of Vermillion county, Illinois. The contest between Dixon and Sebrer, Ky., both in the same county was particularly bitter. The line as established runs almost due south from Danville, Ill., to Hopkinton, Ky., where it swerves to the east.

COMMITTEE REACHES CHICAGO.

Chicago, Nov. 4.—A committee of woman suffragists named by the First National Congress of woman voters held in San Francisco Sept. 16, to deliver a petition asking National suffrage for women to President Wilson arrived here today. The women left San Francisco September 26th, and are making the trip to Washington, D. C., by automobile. Miss Maria Klunberg, sixty years old, is driving the car and Miss Ingoborg Kinstedt 59 years old is acting as mechanic.

BRITISH SHIP ON FIRE SOUTH OF HALIFAX

VESSEL IS BELIEVED TO BE THE STEAMER RIO LAGES

Report is Wirelessly to Halifax by Danish Steamer Frederick VIII—Left New York Sunday for Queenstown.

Halifax, Nov. 4.—A vessel, believed to be the British steamer Rio Lages, was reported on fire 300 miles south of Halifax in a wireless message received here late today from the Danish steamer Frederick VIII. Captain Thompson reported in his message to the marine and fisheries agent of the dominion government that at 4:20 p. m. today, Greenwich time, he had passed in latitude 41.58 north, longitude 59.70 west, a British steamer flying signals "R. S. M. V." with a fire in her hold and asking that it be reported to Halifax.

The signals correspond to those of the Rio Lages, which left New York for Queenstown, October 31st. Left New York Sunday.

New York, Nov. 4.—The British steamer Rio Lages reported on fire, south of Halifax, left New York October 31st, for Queenstown. She is a ship of 3,594 tons gross and carries a crew of about thirty-five men. She was built in South Shields, England and is owned by the European and Brazilian Shipping Company, Ltd., of London. She was formerly the steamer Westmore. The local agents were unable to state the character of her cargo.

PLAN RECEPTION FOR MINISTER WHITLOCK

Toledo, O., Nov. 4.—One of the greatest receptions in the history of the city is planned for Brand Whitlock, former mayor of Toledo, now American minister to Belgium, who has notified the state department that he will depart for home.

A delegation will go to New York to meet the minister upon his arrival. A letter received by local parties from Whitlock says he has been suffering great mental strain during the last few months.

Charges American Agencies Income Tax.

London, Nov. 4.—The chancellor of the exchequer, Reginald McKenna today promulgated an order under which agencies of American mercantile firms operating in Great Britain will be compelled to pay an income tax on the basis of their total earnings in Great Britain, including money returned to the United States.

STANLEY'S MAJORITY 2,081.

Louisville, Ky., Nov. 4.—Unofficial but apparently reliable tabulation today of the gubernatorial vote in Kentucky Tuesday gave A. O. Stanley, Democrat, an indicated majority of 2,081 over Edwin P. Morrow, Republican. A few precincts were missing but it was stated that the normal vote could not materially change the result.

GRANTS TEMPORARY INJUNCTION.

St. Louis, Mo., Nov. 4.—The federal district court in the Lincoln division of Nebraska today granted a temporary injunction against the Nebraska state railway commission and the attorney general of Nebraska, restraining them from enforcing the two-cent passenger rate law recently enacted by the legislature of that state.

F. W. FLINT DIES.

Minneapolis, Nov. 4.—F. W. Flint, local correspondent for the Associated Press and a former Chicago newspaper man, died suddenly of heart trouble here tonight. Mr. Flint, who was about 58 years old, was at one time night editor of the old Chicago Inter-Ocean and later served in a similar capacity on the Chicago Record-Herald.

UPHOLDS LIQUOR LAW.

Tallahassee, Fla., Nov. 4.—The Florida supreme court today upheld the recently enacted state liquor law which prohibits the sale of liquor between 6 p. m. and 7 a. m. and bids its sale in less than half pint quantities. According to representatives of some liquor interests the decision means discontinuance of approximately half the saloons in Florida.

OUTLINE ACTIVITIES.

Cleveland, O., Nov. 4.—Activities of the National Governors' League the coming year will include demands on congress for legislation to revamp the system of excursion boat inspection to avert, if possible re-occurrences of disasters similar to the steamer Eastland catastrophe in Chicago last summer.

INVESTIGATING CHARGES.

Chicago, Nov. 4.—Charges that Frank Lloyd Wright, a wealthy architect, had violated the Mann white slave act in transporting a sculptress from this city to his place at Spring Green, Wis., are being investigated by federal officials, according to a statement today by Hinton G. Clabaugh, chief of the bureau of investigation of the department of justice.

EMBASSY DENIES REPORT.

Washington, Nov. 4.—At the Italian embassy today this statement was issued: "The Italian embassy has been instructed to deny most emphatically that any kind of attempts have been made by the Italian government to discuss peace."

PRESIDENT OPENS DEFENSE CAMPAIGN

Wilson Delivers Address at Manhattan Club Banquet in New York

NO AGGRESSIVE PURPOSE

Declares U. S. Must Be Prepared to Defend Itself to Assume Full Liberty

APPLAUSE GREETS REMARKS

NEW YORK, Nov. 4.—President Wilson opened the administration campaign for its national defense program in a comprehensive and carefully prepared address delivered here tonight at the Manhattan Club banquet. He declared that the United States had no aggressive purposes but must be prepared to defend itself to assume "full liberty and self development," significantly, he said, that "with ourselves in this great matter we associate all the people of our own hemisphere" adding that "we wish not only for the United States but for them the fullest freedom of independent growth of action."

Applause Greets Address.

The president was received with enthusiastic applause as he entered the banquet hall and during his address. The hall was decorated with American flags and filled even to the galleries with Democrats happy over their victory of Tuesday in New York City. When the president arose to speak everyone jumped up and applauded until he was forced to signal for quiet.

"Within a year," said the president, "we have witnessed what we did not think possible, a great European conflict involving many of the greatest nations of the world. The influences of the great war everywhere in the air. All Europe is in battle. Force everywhere speaks out with a loud and imperious voice in a titanic struggle of government and from one end of our dear country to the other men asking one another what our own force is, how far we are prepared to maintain ourselves against any interference with our national action or development."

Asks Support of Program.

The president called upon "men of all shades of political opinion," to rally to the support of the program. He said it represented "the best professional and expert opinion of the country" and gave warning that "if men differ with me in this vital matter, I shall ask them to make it clear how far and in what way they are interested in making the permanent interests of the country safe against disturbance."

There is no need for the country to feel panic-stricken, the president declared, because it stands in friendly relations with the world. He spoke of the United States as "nation too big and generous to be exacting, but yet courageous enough to defend its rights and liberties of its people wherever assailed or involved."

Includes Increase in Army.

Outlining the defense program the president said it included an increase in the standing army, the training within the next three years of 400,000 citizen soldiers to be raised in annual forces of 133,000 and the strengthening of the national guard. He laid particular emphasis on the need of ample equipment.

The president declared that the navy already is a "very great and efficient force" but that in order to bring it to a point of "extraordinary force and efficiency" a definite policy must be adopted and hastened and an adequate supply of men and equipment provided.

In addition to speaking on national defense the president attacked men who love other countries "better than America" and men who stir up religious and sectarian antagonism. He declared that such men should be called to a "reckoning."

Just before the dinner the president shook hands with all the guests including Charles F. Murphy.

MAY RESULT IN MERGER OF TELEPHONE LINES

If a hearing now in progress before the state utilities commission terminates as many believe it will there will be a gigantic merger of telephone systems throughout the state. The case in question has been taken to Springfield from Peoria and if the decision is what telephone men have reason to believe it will result in the Bell interests taking over the exchanges and lines of the Inter-state companies. If this occurs in Peoria it probably will continue in every city in Illinois where two systems are in operation. If it does Jacksonville will be affected. Several years ago there was some talk of consolidation of the Bell and Illinois exchanges in this city. It seemed that the deal fell through because a purchase price could not be agreed upon. Such a merger would undoubtedly be a good thing for both companies and the patrons. But especially would it be of great benefit to merchants for it would cut down expenses for telephone service which amounts to considerable as some business houses have two or more of each telephone.

MILINERY STORE BURNS.

Miss Alice Bowman was in the city yesterday enroute to her home in Concord. She has been employed in the millinery store of E. M. Fletcher at Knox, Indiana and a few days ago the establishment was destroyed by fire.

Steel Prospects Good

Men identified with the steel industry now seem confident that there will be a continued period of prosperity in the steel business, should the end of the war come within a year. Such vast orders have been placed from abroad for railway supplies that it will take a long period to fill them. In addition the revival of business in this country has given railroads more confidence and they are beginning to place orders for equipment long held up.

Township High Schools in

Northern Illinois.

At a special election in Mendota recently a decision was made to erect a township high school at the cost of \$75,000. There are more township high schools in northern Illinois than in other parts of the state and they have been operated in a universally successful way. One of the main arguments made in favor of the township high school plan is that it is possible from the large area which may be taxed for the maintenance of the school to have funds available for expensive buildings and a high salaried faculty.

Will Seek More Money From Estates

One of the big problems which will come before congress when it convenes will be an amendment to the income tax law. Representative Hall, who drew the income law, is said to be busy now with an inheritance tax bill. Some of the provisions of the present law have made possible a great deal of dodging and some large estates have escaped. An inheritance tax does not meet with as much opposition as the income tax, from the fact that only the larger inheritances are subject to the tax, and the tax imposed does not work a hardship on legatees and simply reduces by a small per cent the amount of money they are receiving and which has not occasioned them any labor at all.

War Funds Wasted.

The appeals to the American generosity to relieve the suffering in Europe occasioned by the war have been many and the responses have been generous indeed. Undoubtedly there has been a great waste of money thus given for a good cause, and Mary Boyle O'Reilly, a war correspondent, asserts that one-fifth or possibly one-fourth of the huge sum contributed to alleviate misery has been wasted or stolen. She declares that in some of the capitals of Europe it has been the fate for men and women who have run out of social activity to take the dramatic field of giving aid to the injured soldiers. There have been a number of cases where losses have occurred thru ignorance and still other cases have occurred thru fraud. Miss O'Reilly declares that the most certain way to prevent miscarriage of charity is to follow the rule that supplies and not money be sent.

Justice Sometimes Fails.

Judging from court records there has been a growing tendency in Illi-

Rippling Rhymes By WALT MASON

MARRIED PEOPLE.

Young Rollo and Alice got married last year, and then in a palace began their career. From goldsmiths and cutlers they'd laid in a store; they'd footmen and butlers and servants galore. They'd a d a c h s-hunds and poodles, and autos, and Boodle's the family crest. They had every blessing that mortals pursue, but—this is distressing—they'd nothing to do! Alas, for the bridal of people like these! For folks who are idle no fortune can please. So Alice and Rollo—a matter of course, such things often follow—indulged in divorce. Oh, Reuben and Bridget got married last May; their roll was a midget—he worked by the day. They rented a cottage of tumbledown sort, their fodder was pottage at ten cents a quart. He's earning his wages along with a gang; she's canning green gages in that cheap shobang. And neither will fidget for things out of reach; for Reuben loves Bridget, she thinks he's a peach. And indolence raises no cloud in their view; they're busy as blazes, with plenty to do.

nois to acquit women of the charge of murder. This has been especially true in Chicago, where it has been almost impossible to secure the conviction of a woman no matter how clearly her guilt might be shown by the evidence. A jury in Belleville the other day took a new turn and freed a man charged with the murder of his wife. It was shown that in a fit of jealous rage he shot the woman as she was returning home from work in a packing plant accompanied by a male fellow workman. The court declared that it was a cold blooded and deliberate murder and severely reprimanded the jury for bringing in a verdict so unwarranted by the facts. It is an unpleasant truth about American jury trials that almost anything may happen, and the miscarriage of justice in criminal cases is not all infrequent. In this matter the courts of England are greatly superior to our own.

Strength in United Effort.

Announcement has just been made that two Baptist churches in Quincy will consolidate, sell their old properties and erect a new church. In many cities in Illinois and in other states, for that matter, there are churches of the same denomination, which struggle along thru financial difficulties and do not accomplish all that could be done in their legitimate fields of work. In various instances these churches do not have sufficient territory to draw upon for financial or religious strength.

In the past two or three years there has been a growing disposition toward the unifying of church work, as there has come a realization that often the maintenance of two or three churches of the same denomination in one community means economic waste and a lessening of the results of religious effort. It is one of the good signs of the times that churches of the same denomination and occasionally of different denominations are reaching agreements and seeking to accomplish still better things by unifying their church work.

Better School Buildings Needed.

Country schools have come in for quite a lot of criticism in these latter days. It was not long ago that Dr. Wood of New York City visited Jacksonville and in his address declared that the average country school is a disgrace, that is in equipment, by comparison with what could and should be provided.

In Des Moines yesterday before the Iowa State Teachers association one of the speakers declared that there is more illiteracy in rural America than in urban America, despite the fact that a large majority of the illiterate settle in the cities. The speaker said that visits to the rural schools of Iowa would show unpainted, poorly kept buildings with dingy interiors and desks wholly inappropriate to the ages of the pupils.

Statistics do show that in many country communities the directors are negligent in school matters and niggardly about the expenditure of funds. In a community like our own while the conditions are not deplorable like those in some other localities yet there are many school buildings which need betterments and for which funds could readily be raised without any embarrassment to the tax payers. The county has plenty of room for advancement in school buildings and equipment and without school surroundings up to the standard which they might attain the fact of the good work being done in the majority of the schools is a great credit to the teaching force.

MOTHER GOOSE ON SUFFRAGE.

(Burlington Hawkeye.)

It has been said that a person who takes a child at seven years of age can shape his point of view for the rest of his life. Ardent suffragists are beginning earlier than seven and are repeating Mother Goose rhymes with suffrage morals to their children. Some of the rhymes are as follows:

Jack and Jill
Have equal will
And equal strength and mind.
But when it comes to equal rights
Poor Jill trails far behind.

Little Miss Horner
Stood in a corner
Making a suffrage speech—
"Her logic and brain."
Said the women, "are plain."
But the men said, "Ain't she a peach."

Ding, dong bell, the woman's in the well.
Who put her there? Ignorance, I swear.
Who'll pull her out? The vote, with-
out a doubt.
It was a naughty world, I know,
To try to hurt the lady so,
Who never did it any harm.
And only added to his charm.

Humpty Dumpty sits on a wall.
Humpty Dumpty's doomed to a fall.
For suffragist logic and women's in-
trustion
Are demolishing much of his former
seclusion.

GOD'S MESSAGE TO MAN" THEME OF EVANGELIST THURSDAY NIGHT

Speaking at Central Christian Church at revival meetings, the Rev. J. L. Brandt compares Bible to Messages of Parents.

"God's Message to Man" was the theme of the Rev. John L. Brandt, speaking last night at the Central Christian church revival meetings on a subject which dealt with God's love for his children and in the treatment of which the love of God was compared to the care and solicitude felt by parents for absent children who write to them and feel anxiety until they hear from them. Tonight Rev. Mr. Brandt will speak on "The Church of Christ."

No community on earth to which God's word has not yet come to a fit place for man to live, said the speaker. It is unsafe to travel in many foreign lands where the Bible has not been sent. Nothing could testify more to the book's authenticity than fact that forty men, writing over a period of fifteen hundred years have delivered a message of such unity of text and purpose, that thru the whole there stands forth strongly the work of one master hand.

"God's message to man is a message to enrich the individual and the nation," said the speaker by way of conclusion. "Science, art, nor literature contain the power to save. It is to the Bible that men must turn for salvation. Without the Bible we may not know God nor the way to escape our sins. With God's message we could have no assurance of eternity. Thru the ages the Bible has stood as a mighty rock, the strong foundation on which to build."

AWAITING PRESIDENT'S SPEECH

ON NATIONAL DEFENSE

New York, Nov. 4.—When President Wilson lays before American people his summary of international conditions on which he bases his new programme of national defense, his words will resound tonight to all quarters of the globe. The eyes of all nations are upon the great Republic of North American continent. A new policy of this great Republic is being written. It will resound as a warning word to nations great and small; not as the clanking of the sword of the conqueror nor as the threat of power, but as the decision of the greatest world power now at peace that that great era of trust and faith between nations and people has not yet arrived in the development of civilization.

President Wilson will lay before the world tonight the whole case on which the administration bases its belief that many millions would be spent at once for the defense of the nation against invaders. He will ask that the American public manifest their support in such unmistakable fashion that Congress will heed their wishes without undue delay or controversy at the coming session.

The president has builded his case on the best advice that surrounds him. He has been aided by the best minds in the army and navy and the most intimate study of world conditions as ascertained by American diplomats abroad. For over a year political leaders and frightened capitalistic interests have been urging greater preparation. The administration frowned upon this purely personal propaganda, and took up the question of national defense only when the very safety of the nation was threatened by the wholesale disregard of treaties in a war-mad world. Founded on world conditions as they really exist, and not on personal opinion, the programme of the administration was formulated, and adequate provision was made to take care of enemies within as well as without the country.

The outline of the additional expenditures planned by the administration has already been given out at Washington. \$1,746,000,000 will be spent for defense in the next five years if the plans are approved by Congress. This sum may be modified to a considerable extent. The normal expenditures would be around a billion, and the added measures advocated by President Wilson would reach three-quarters of another billion.

RECORD PRICES FOR HARVARD-YALE TICKETS

Cambridge, Mass., Nov. 4.—The final flood of applications for tickets to the Harvard-Yale football game to be played at the Stadium on Nov. 20 came in today and the supply will not cover one-sixth the applications. Prices for tickets bought from speculators this year will make new records. Only those who carry million dollar bank accounts or who are Harvard or Yale students or grads will be able to edge their way into the Stadium. Accommodations will be at the highest figure known, and several hundred dollars a seat may be paid. The big Stadium cannot hold all the Harvard and Yale men and their friends on the day of the game. Theoretically, it is impossible for anybody but Harvard and Yale men and newspaper men to see the game, for the 44,000 seats are divided equally between the two Universities and the students and alumni of each demand more than the supply. But the lure of the lure opens the game up to speculators to a certain extent, and if one cares not for a mere hundred or two, he can get inside and see the game.

The distribution of tickets will begin tomorrow. Those who asked for one seat will be accommodated first and then the two seat applicants will get their pasteboards so long as they last.

Chicken Supper at Northminster Church.

The community rooms of Northminster church were filled last evening by patrons who had come to enjoy the chicken supper supplied by the ladies' aid society of which Mrs. John N. Joaquin is the capable president head. All the members worked in complete harmony and the patronage was all they could ask. The tables will accommodate a goodly number yet many were obliged to wait a time with patience until their request could be conveyed to the ladies for supper and their answer returned which was that the viands would be forthcoming as soon as a vacancy at a table took place so that there was not a great deal of difficulty. The bill of fare was ample and varied, admirably served, of most excellent quality and pleasing to all.

Euchre and Dance at K. C. Hall.

Members of Jacksonville Council, No. 868 Knights of Columbus entertained Thursday at a euchre and dance, a hundred young people attending for an evening of special pleasure. Miss Frances Graubner won the first ladies' prize and Henry Shanahan, the first gentlemen's prize. The consolation awards went to Miss Emma Mandeville and H. J. Radigan. The committee was composed of D. Scott Sweeney, chairman; P. H. Lonergan, James Ring, Joseph Oliverson and Frank Clancy.

Baptist Society Meets With Mrs. Laurie.

Mrs. Mary J. Laurie, 253 Finley street, was hostess to members of the Ladies' Missionary society of First Baptist church Thursday afternoon at one of the best attended and most interesting meetings of the year. Mrs. Mary E. Springer, president of the society, was in charge, and Mrs. Sarah Price lead the program. Excellent refreshments were served by the hostess at the close of the business session.

J. H. S. Freshmen "Hike" to Country.

Freshmen of the Jacksonville high school and members of the faculty to the number of a hundred and five enjoyed a welterwurst supper yesterday evening at Dunlap Springs and on their return to the city went to the ice cream parlor of the Jacksonville Candy Co., as guests of Supt. Collins for further refreshment. The company which walked to the springs and return and partook of the treat at the "Greeks" numbered seventy-eight and a pleasant feature at the latter place was a special treat of four boxes of candy which members of the firm presented the young people. Supt. C. E. Collins walked with the freshmen on the three-mile trip as did Dale Boxell and Miss Mabel Cowdin, class officers. Paul Morrison and Miss Ione Kuecher, Miss Brown, Miss Russell, Miss Balck and Mr. Huber were among those who went to Dunlap Springs by automobile.

Alexander Society Has Monthly Meeting.

Mrs. Fred B. Six was leader Thursday afternoon at the November gathering of the Woman's Foreign Missionary society of Alexander M. E. church. "Old Mission Trails," a chapter from the new study book, "The King's Highway," was the subject of an interesting lesson.

Sinclair Country Club Holds Meeting.

The Sinclair Country club met with Mrs. Robt. Hopper and had a very profitable meeting. There was a demonstration of candy making by Mrs. Chester Wilson. Also a paper was read by Mrs. Albert Hopper on "Colonial Days". The club decided to have their open meeting of the year at the home of Mrs. Frank Hunter, the 23d of November.

Parent Teacher's Meeting at Maple Grove.

The regular meeting of the parent teachers association of Maple Grove school was held in the school building Thursday afternoon. The meeting was called to order by the president at 4 o'clock. After the business session Miss Katherine Olmsted gave a splendid talk on anti-tuberculosis work in Morgan county. Pictures were shown of the open air school.

CRITICISES ROOSEVELT'S ACTS.

New York, Nov. 4.—Broadening the use of executive power as exercised by former President Roosevelt was termed as "unsafe doctrine" by former President William Howard Taft in an address here tonight. He was speaking to the subject "The Presidency, its power, duty, responsibilities and limitations," when he uttered the criticism of certain acts of his predecessor in the white house.

WALSH ADDRESSES TEACHERS.

Milwaukee, Wis., Nov. 4.—"Congress soon will be officially advised of what many citizens have known for a long time—that vast numbers of the nation's workers receive wages too low to maintain a decent existence for themselves and their families," said F. P. Walsh of the federal industrial relations commission before the Wisconsin Teachers' convention this afternoon.

BURNS SELF TO DEATH.

Wabash, Ind., Nov. 4.—Mrs. Amos Reynolds, 59, committed suicide at her home near here today by building a big bonfire and leaping into the flames.

The sale of Red Cross seals was also discussed. A social hour was then enjoyed and delightful refreshments were served. The officers for the ensuing year are:

President—Mrs. Ralph Crabtree.
Vice president—Mrs. Frank Kitter.
Secretary and Treasurer—Mrs. Sidney Jones.

Unity Workers of Presbyterian Church.

The Unity Workers of the Presbyterian church of Woodson held an all day meeting Thursday at the hospitable home of Mrs. Charles E. Irlam and Miss Sadie Irlam. By the noon hour forty guests had arrived and a splendid two course dinner was served, which was greatly enjoyed. At the regular business session, it was decided to serve a banquet to the Masons on November 19. A short informal program was given consisting of readings by Mrs. J. B. Leach, Mrs. John Hoagland and Mrs. J. Steinmetz and instrumental numbers by Miss Jane Irlam. Several guests from away were present including Mrs. Sinclair Russell of North Dakota and her mother, Mrs. Wright of Murrayville, and Miss Mary Glasgow of Normal, Ill.

Gave Children's Party.

Twenty-one children, fifteen of whom attend Mrs. Sherman Leavitt's kindergarten, were guests Thursday at a birthday party given by Mrs. Homer Potter in honor of the fourth birthday of her son, Homer Beaumont Potter. The mothers of the little folks were also invited and the occasion was a very happy one.

Because of the nearness of Halloween that idea was carried out in the unique arrangements for the party. When all the expected guests had arrived they were invited to the spacious attic which had been appropriately decorated for the event. Autumn leaves and cannas were used for the decorations supplemented with Jack O'Lanterns all indicative of the season. The children were greatly surprised when they found the attic room with these arrangements and they entered very heartily into various kindergarten games. Later refreshments were served at the little tables which had been provided and in every way the details were such as would be certain to delight any childish heart. A feature which added much to the success of the party was the fact that the children came in costume and when they marched from the parlors to the attic the spectacle was especially pleasing.

Inner Circle Class Holds Annual Election.

The Inner Circle Sunday school class of the First Baptist church met yesterday with their teacher, Mrs. H. C. Robinson of 314 West College avenue. After the business session a happy social hour was spent. There are fifteen members of the class and it is one of the live organizations of the Sunday school. The election of officers follows:

President—Helen Smith.
Vice Pres.—Ethel Adell.
Secretary—Nita Weems.
Treasurer—Irene Withee.

Surprise Party for Newly Weds.

Mr. and Mrs. Bert Fitzsimmons of Woodson, who were recently married, were given a happy surprise Thursday evening at their home, when over sixty uninvited guests assembled at their home. The occasion was also graced with the presence of Mr. and Mrs. John Staples of Rich Hill, Mo. They are Mr. Fitzsimmons' uncle and aunt. The evening was spent most delightfully and a pleasant feature of the occasion was the presentation of a parlor lamp by the friends to Mr. and Mrs. Fitzsimmons. Many good wishes were extended the surprised couple by the departing guests, at a late hour.

Miss Grace Baptist to Wed Dr. Howard.

Announcement has been made of the engagement of Miss Grace Baptist, daughter of Mr. and Mrs. Frank W. Baptist, of Jerseyville, to Dr. B. P. Howard of Brookfield, Mo. The time of the wedding has not been announced. The bride's family formerly resided in the Nortonville precinct, and was graduated from St. Luke's hospital in St. Louis.

KING GEORGE BETTER.

London, Nov. 4.—King George, who recently was injured by a fall from his horse while inspecting the British troops in France, had a somewhat disturbed night but was better this morning and could move with less discomfort, according to an official announcement issued this morning.

COMMITTEE MEETS.

Chicago, Nov. 4.—A committee appointed by the American Society of Civil Engineers to draft a National law designed to eliminate disputes and open the way for the unhampered exploitation of waterpower for the manufacture of nitrates met here today.

ACT BECOMES EFFECTIVE.

San Francisco, Nov. 4.—The La-Follette seaman act became effective today with little of the promised confusion in shipping. American vessels scheduled to sail were cleared today.

London, Nov. 4.—The British steamer Friargate, 264 tons gross, has been sunk. Five survivors have been landed.

WHEN GOVERNOR RICHARD YATES RETURNED TO JACKSONVILLE HOME

Rousing Demonstration Given to War Governor at the Close of His Term of Office—Account as Told in Springfield Paper.

A friend has kindly loaned the Journal a copy of the Springfield State Journal of Jan. 19, 1865 containing an account of the reception tendered Gov. Richard Yates on his visit to his home city after the close of his term as governor.

The writer was present and well remembers the stirring occasion. The former war governor was well night idolized by his constituents and the meeting was largely attended. Strawn's hall, the only place in which it could be held, being filled to overflowing. The reporter truly said in commenting on the event:

"Well was it demonstrated that Gov. Yates in the largest measure enjoys not only the respect of his immediate friends and neighbors, but the hearty love also." A special train on the Great Western railroad brought a delegation from Springfield, Lieut. Gov. Hoffman among the number. All were first escorted to the Dunlap House where they had supper and an informal reception and then they proceeded to the hall where a vast throng awaited the illustrious guests and home coming citizen and ex-governor.

As the governor entered the hall the band struck up "Home Again", which had a profound effect on the audience. The platform was occupied with the guests of the occasion and the late David A. Smith, an eminent attorney, presided. The gentleman's home was at the southeast corner of the college campus and he was the father of Mrs. Laura Kellogg who now occupies the place. Mr. Smith briefly and eloquently welcomed the returning executive and then called on President Sturtevant of Illinois College to make the formal welcoming address of the evening.

The speech was such as would be expected from such a distinguished source. His opening sentences somewhat remind one of the immortal address of President Lincoln at the dedication of the cemetery at Gettysburg.

Gov. Yates. Four years ago, amid a conflict of principles which history will characterize thru coming ages as one of the sublimest of her pages you were called by the voices of your fellow men to administer the affairs of this great state as her chief magistrate. It was not without sorrow that we saw you and your amiable family in obedience to the call of your country take your departure from us for a season. And yet our feelings were exultant in view of the high and noble mission which called you to the executive mansion; and of the glorious principles of liberty which had triumphed in your election.

The address goes on to mention the causes which led to the war, the dawn of liberty and the grand services of the war governor of Illinois both to his country and to the brave soldiers in the field. The speaker said that if Gov. Yates would then retire to private life a large ambition might be satisfied and pronounced it well.

Gov. Yates' response was characteristic of the man. He modestly disclaimed any right to praise or commendation as he had done his plain, simple duty. He spoke most tenderly of the ties which bound him to Jacksonville and paid a glowing tribute to Lieut. Gov. Hoffman, Jesse K. DuBois, Newton Bateman, O. M. Hatch, Gen. Fuller, O. H. Miner and others who had been his close advisers and counselors during the trying times of his administration. He called attention to the only defeat he had sustained because when in congress he had voted the Nebraska bill and had stood for human freedom and owing to the pro-slavery sentiment in the land he had failed of re-election and he predicted at that time that the very cause which had caused his failure then would later cause his triumph and it did so truly. His closing words were touching.

"All about me are the scenes of my youth; the companions of my youth and manhood; the instructors upon whose utterances I love to linger yet; the cottage in which I wedded the purest and noblest of her sex and in yonder silent city of the dead reposes the form of my first born."

Lieut. Gov. Hoffman spoke in a very happy vein. He said the governor had referred to him as His Excellency but on the prairies he was known as "the Little Dutchman". He said he didn't claim any very great part in the recent administration but he had always tried to cheer up and sustain the governor in trying times and when he would be worn down and anxious he would say to him:

"Laugh, Dick, laugh; it will do you good." He said he had come from a country where they have emperors and queens and he had learned to love his adopted land most dearly. He felt sure Gov. Yates would be nominated for president but one great trouble was he couldn't be the vice as he was foreign born and he didn't see how the president would ever get along without "His Excellency".

At the close of the meeting the invited guests adjourned to the Dunlap House where a banquet was enjoyed and then followed after dinner speeches, Hon. I. L. Morrison, acting as toastmaster.

CORN PATCH BURNS.
A still alarm was turned into the fire department about 2 o'clock Thursday afternoon that a small corn patch at the foot of East College street was on fire. The blaze had been started by sparks from a passing engine. Chief Hunt sent the hook and ladder truck to the scene and the flames were extinguished without much damage.

SUBSTANTIAL IMPROVEMENTS MADE AT ILLINOIS SCHOOL FOR DEAF

Extensive Paving Work Has Been Completed and New Steam Pipes Have Been Installed.

New walks in many parts of the grounds and a new system of mains are among the number of somewhat extensive improvements which have been in course of installation during the summer and autumn months at the Illinois school for the deaf. Painting and decorating has been done on several of the buildings and a class of students is at present engaged in painting the industrial building.

A new walk has been built around the kitchen. Another has been constructed around the bakeshop and between that building and the main school structure. The large court between the industrial building and the laundry has been repaved. The athletic field has been filled in and leveled and now has a grade some six inches higher than the old field. Some six to eight hundred cubic feet of dirt were used in the work. Steam piping connecting the various buildings had become imperfect with long use and the new system just installed will add much to the efficiency of the school facilities for heating.

The driveway leading from the Webster avenue and State street corner has been regraded and repaved. Frank Mather had general charge of the grading and paving work.

A HISTORICAL MISTAKE

A Naples correspondent of the Winchester Times recently gave the following, in part:

"The Hatfield Bros. have wrecked the old Sangamon railroad warehouse. This was built in 1832 when this town had a railroad running from Jacksonville to Naples. The cars first were drawn by oxen, then improved by mules, and then steam. After steam had taken the place of oxen and mules, the engines were fired by wood as fuel, to make steam. On a long pull they found they were going to run short of fuel and they would aim to get to a strip of timber, then all hands went out and they would pick up enough to steam to the next timber. Many old relics were found in the rubbish of this old warehouse, among them the bedstead that General U. S. Grant slept on at the residence of Peter Critzer, while he was camping here with his regiment, June 20, 1861."

There was no railroad out of Naples in 1832. Chas. Collins had one, a piece of the way toward what is now Bluffs, along about 1836.

The Northern Cross railroad was opened with a steam locomotive, from Meredosia to Jacksonville in 1839. In 1849 the "Sangamon and Morgan" was run out of Naples. All our western locomotives were run with wood as fuel at first.

Col. U. S. Grant did not camp at Naples June 20, 1861. He got there with his regiment July 6, 1861.

FIREMEN WILL GIVE

ANNUAL BALL.
The firemen have set the date and appointed committees in preparation for the annual department ball. The event will take place in Armory hall, Wednesday evening, Nov. 24, Thanksgiving eve.

John Roach and Carl Coakley were appointed a committee on music and O. H. Spaulding will be floor manager and will be assisted by Messrs. Coakley and Roach. Frank Kiloran will act as secretary and treasurer.

THANKS EXPRESSED.

I wish to thank all the kind friends who so generously stood by me during my recent trial and affliction. Their kindness will always be remembered with gratitude.

DR. C. C. HARTE ADDS HER PRAISE

Prominent Springfield, Ill., Woman Is Highly Pleased With Results.

RECOMMENDS TANLAC.

Prominent people of this state are daily testifying to the good which Tanlac, the "Master Medicine," that is being introduced in this city, has done for them and their friends. A statement of exceptional interest was made recently by Dr. C. C. Harte, who resides at 103 East Adams street, Springfield, Illinois. Dr. Harte said:

"I used Tanlac for nervousness and loss of appetite and am happy to relate that it has done me a wonderful lot of good. Before taking this excellent remedy I was extremely nervous, being unable to sleep with any degree of enjoyment; and I was melancholy and irritable.

"I had very little appetite and the foods that I did eat didn't particularly agree with me. Since taking Tanlac, however, the nervousness has vanished, I sleep soundly and arise in the morning feeling greatly refreshed. My appetite has improved wonderfully and I relish everything I eat. Tanlac in my opinion is an extraordinary medicine."

Scores of others in Illinois, like Dr. Harte, are obtaining relief by taking Tanlac. It is being used by thousands in this state with most beneficial results, for stomach, kidney and liver trouble, nervousness, catarrhal and bronchial troubles, loss of appetite and unsound sleep. For cases of debility and as a tonic for run down persons it is especially beneficial.

Tanlac, the "Master Medicine" is now being sold in Jacksonville at the drug store of Coover & Shreve.—Advertisement.

Some Topics of the Farm

Investigations made by the Department of Agriculture indicate that the average cost of raising a heifer on a dairy farm in the northern and eastern sections is about \$61 at the end of her second year; this includes an allowance of \$7.81 for labor. The heifer is given a credit of \$8 for the manure she produces. Thus it appears that the dairy farmer in the sections mentioned can not afford to raise a heifer that is not worth more than \$60 when two years old.

Profitable Crop Rotation.

The most profitable crop rotation does not consist merely in changing the crops around from year to year, regardless of the relation of the crops to each other. The central aim in all rotation systems should be to leave each field in a better state of cultivation, and reasonably free from pests at the end of each rotation cycle.

No hard and fast rotation system can be laid down for any community, but the most profitable system must be worked out for each farm and, indeed, for each field. There are certain general principles, however, that should be borne in mind in this connection in order to accomplish the most satisfactory results. For soil improvement there should be at least one leguminous crop in each rotation cycle. To this class of plants belong the clovers, alfalfa, peas, beans, etc. There should be also a sufficient quantity of live stock, especially milch cows, on each farm to utilize the roughage and to supply the desired quantity of stable manure, which, in addition to green crops plowed under, will furnish the necessary amount of humus to the soil.

The conditions resulting from this treatment, if the soil is properly handled, will make the succeeding crops more vigorous and capable of offsetting, in some measure at least, the effects of any pests that may appear. Again, the successive crops in any rotation should be so selected and arranged that no two upon which the same pest may thrive will be grown in succession. The principles of disease control by means of crop rotation are based upon the fact that

certain pests can thrive only on certain kinds of plants. Therefore, when the crops are changed and the food supply thereby cut off, the pests must perish or be greatly reduced in number.

Protest of Live Stock Shippers.

The Illinois State Board of Live Stock Commissioners now has placed in effect an order requiring cars for the transportation of live stock within the state to be cleaned and disinfected. The bill is paid by the shipper and the railroads charge \$4 for cleaning double decks and \$2.50 for single decked cars. The order has aroused a protest on the part of shippers. Railroads include the charges in the freight bills.

Land Prices in McLean County.

According to the Bloomington Pantagraph a banker in that city has recently compiled some figures based on real estate sales which indicate the stability of McLean county farm lands. The period on which the figures were made was from Jan. 1, 1914 to March 1 of the present year. It was a time of financial depression and values were not as high as they had been for some years previous. Nevertheless the records show that during the fourteen months mentioned 17,200 acres of McLean county farm land were transferred. The total sales aggregated \$3,700,000. This figures out a fraction more than \$215 per acre.

Morgan county land is very similar to that of McLean county, the latter county has been sometimes credited with having taken greater advance steps agriculturally than has this county. The price of land in McLean county advanced to the \$200 mark long before any land here sold for that figure. An average of sales made here during the period on which calculations were made in McLean would not show a high average price, but some sales year have indicated better prices and there is no reason why lands here eventually should not be sold on the same basis as McLean county real estate.

EDGAR CULLY SUBSTANTIAL FARMER OF MORGAN COUNTY

Premises Contains Model Bank Barn—Teils of His Manner of Feeding Stock and Grain Raising.

In Morgan county agricultural districts no name stands higher than that of Cully. A number of gentlemen have born that name and have done it honor. Many have gone to their final reward, some have retired from active occupations and have left a younger generation to carry on the work so auspiciously begun by the fathers.

Among the number of younger men cultivating farms now is Edgar Cully living on the farm owned and formerly carried on by his father, Oliver Cully, now of this city. On that farm is that model bank barn with so much space in the basement for horses and cattle and free from the weather and its inclemencies. Then on the ground or upper floor is a spacious apartment for vehicles, stalls for horses and mules, storage room for sixty tons of loose hay and other places as well.

Mr. Cully is carrying on 232 acres and it is about as fine land as one will find in any country and he endeavors to keep it so. He alternates with corn, oats or wheat and clover. He says he prefers to sow clover seed with oats, so he has had good results from sowing it on wheat and harrowing it in. He does not believe in taking the chances of sowing clover seed on wheat and going nothing with it. It may come up and it probably will do no good.

Mr. Cully has had little experience with alfalfa and is not especially inclined toward it but doesn't claim to have given it a thorough trial and has had little experience feeding it. So far also he has not erected a silo on his place as he doesn't do much in cattle.

About Plowing.

In corn he prefers the reliable, standard Reid Yellow Dent and with it has had good success. He is now an enthusiast on fall plowing the says under some conditions there is a good thing, especially if there is a good, heavy crop of foxtail grass to turn under. He is slow to spread fresh straw on the land and plow it under as it may do well for the land and again it may not for there is much danger that it will not rot sufficiently to be safe on the land in time of drought when there would be danger of its holding the moisture and coming to the surface with an amount of trouble.

He says this fall several of his acquaintances have felt obliged to give up fall plowing as the land was so hard that the horses could hardly make the trip.

Feeds Few Cattle.

Mr. Cully feeds few cattle as he says they are for cheaper land than pigs and should be held where the soil is not quite so expensive. He likes hogs and feeds a lot of them and thus far has had very good success with them. He likes the old, reliable Poland-China breed. He thinks the best results are had by crossing a pure bred Duroc with a pure bred Poland-China hog, only the breed must stop there and go no farther lest disastrous consequences ensue.

Separate Hog Houses.

He prefers separate hog houses to the long shed with individual pens. He says if the floor is concrete the hogs will lie on it no matter how much hay or straw may be put in there. In the long shed there is a draft under the floor and then it cannot be moved no matter

what condition it may be in at the time. If it has a floor that is in danger of giving the animals colds as they will lie in a pile and then when the wind comes they are cold enough. If it has no floor it will never be a safe place to feed. The individual house is according to Mr. Cully's ideas, best. You can put it where you want it; it will be good near the orchard and will help fertilize the farm as it should be and it will help supply the land with what it needs. Moving it about obviates the trouble with cold floors and unsanitary conditions.

Marketing Hogs.

He generally markets his hogs at ten months of age but sometimes he lets them get somewhat older. If all goes well he is generally able to get his hogs to 250 or 275 pounds which isn't bad for the past years. In feeding he likes plenty of oil meal and ship stuff slop even if not fattening. He feeds a slop of oil meal and corn.

Mr. Cully does little in cattle feeding as he thinks land is too high hereabout to justify the cost if we take into account the rental value of the land.

AT PSYCHOPATHIC INSTITUTE

Dr. E. L. Hill, superintendent of Jacksonville state hospital, has gone to Kankakee in compliance with the recent instructions by the board of administration for a course of two weeks at the state psychopathic institute. A course at the institute is generally required of state institution heads.

OUCH! LUMBAGO PAIN! RUB BACKACHE AWAY

Instant Relief With a Small Trial Bottle of old "St. Jacob's Oil."

Kidneys cause Backache! No! They have no nerves, therefore can not cause pain. Listen! Use this clean pure milk

The quickest and surest way to get milk you can depend upon always to be wholesomely rich, and pure, is to buy—of your grocer—CARNATION MILK—Clean, Sweet, Pure—From Contented Cows—

It is safe for baby.

It adds a rich flavor in cooking—and is most convenient.

It is easily whipped. It makes splendid desserts that the whole family will enjoy.

For drinking, it is healthful and nourishing. It has a distinctive pure taste—which you will pronounce delicious after a few trials.

Carnation Milk is just fresh, pure cow's milk, evaporated to the thickness of cream—nothing added—nothing removed but water. Sterilized to preserve its purity and wholesomeness.

Use Carnation Milk a few times and appreciate its convenience, safety, economy. Order it from your grocer—"The Carnation Milkman."

The Pacific Coast Condensed Milk Co., Seattle, U. S. A., will be pleased to mail their special "Cook Book" on request.

Seasoning Canned Vegetables—Canned peas and beans should be emptied from can into colander, and rinsed with cold water. Drain peas, beans, or any other canned vegetables, in saucepan, and add Carnation Milk in the quantity desired. Season to taste.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

What promises to be one of the biggest football games ever staged on Illinois college field will be witnessed this afternoon, when Millikin University of Decatur plays Illinois for the championship title of the "minor 16" college association of the state. On account of both teams having a clean slate the game promises to be precedent over all others that have been played in the association thus far.

It is not very often that a game this early in the season can settle a championship title, but nevertheless it is a fact that the contest for this afternoon will practically settle the question if Illinois proves the winner, as the teams Illinois must meet yet are not considered strong. Thus far this season Illinois has defeated Lombard, Normal, Shurtleff and Wesleyan. Millikin has defeated the St. Louis University freshmen, Shurtleff, Lombard, William and Vashit. By comparing the scores as to the number of points there does not seem to be much difference in the two teams. Millikin's victory last week over the William and Vashit eleven

THIEBAUD, Right Guard.

Will be pitted this afternoon against Sutherland, former Jacksonville high school player.

Illinois Fully Prepared.

Coach Harmon is not much concerned about the matter. He has been putting his men thru the hardest scrimmage thus far this season, and they will go in the struggle today not over-confident but believing that they will have to put up the stiffest fight yet in order to win the laurels for old Illinois. The Illinois bunch this year have been playing a great game and their work has been the subject of much favorable comment, not only by local football enthusiasts but by other teams and coaches over the association. Naturally the unexpected can always happen in a football game. The injury of certain players can disorganize the squad. But with Illinois this year this fact is greatly eliminated because Coach Harmon has a good set of second string men and they are coming right along in their knowledge of the game, and ought to be able to fill any gaps that might be made by injury during the contest. Over-confidence is a bad thing in any team, and this is an element which has not troubled the Illinois men much this season. With the exception of the Shurtleff game, all the contests thus far have been hard fought. Even without having had a preliminary game Illinois took on early in the season Lombard which is considered one of the fastest teams of the conference and defeated them by a score of 14 to 7. Millikin also played Lombard and the game resulted in a score of 13 to 13. But Millikin did not have to battle against Foodish, one of the fastest men the northern schools has produced for some years.

Over-Confidence at Millikin?

It would appear from reports from the Millikin camp that Coach Wann had occasion to give his players a severe lecture Wednesday night following their daily practice. To quote them, "His chief objection was the appearance of over-confidence and he reminded the squad that the team that is over-confident is usually the one that is defeated. Illinois seems to have undertaken a systematic study of all the stars of the local eleven. Catlin, Johnson and McWhorter are picked out especially as dangerous men."

Visitors are Fast.

There is no doubt about the Millikin bunch being fast and about them having some men whom Illinois would well keep an eye on, during the four quarters which are to be played this afternoon. The three men mentioned above are certainly fast men. Catlin's toe is dangerous at any time on the 40 yard line. That man Johnson is a real speeder. While Johnson who plays the position of quarter back, held the same place with the Rockford high school team, he was such a laurel among the northern schools. Millikin plays a hard, fast game, and they are never defeated until the referee blows his whistle and the contest is over. It does not make much difference to them how great the score is against them in the first half, they go it just as

DR. GABLE, Neuropathic Specialist.

an examination and my professional opinion free of charge.

This new system is very successful in all forms of chronic diseases. It gives immediate relief to irritation and weakness of the muscles and nerves of the heart. I can cure almost every case of acute and chronic rheumatism, no matter in what form or how much you have suffered. It removes the rheumatic poison from the blood. This treatment cures kidney diseases, irritation and diseases of the bladder, and all forms of weakness of these organs. It is very successful in the cure of blood diseases, skin trouble, such as eczema, pimples, etc. It gives immediate relief to stomach troubles, dyspepsia, fermentation, etc., and cures constipation and liver troubles, and nervous diseases.

I want you to understand that I do not pretend to cure every case of these troubles. If the disease has too badly destroyed the structures I see the case is incurable. This is why it is necessary for me to make a personal examination of each case. I must see exactly what the trouble is, then I can tell you positively what I can do for you. I treat all curable forms of chronic diseases and weaknesses of the eyes, falling sight, catarrh and deafness, head noises and sick headache. If you suffer, come and see me. There will be no charge for consultation and examination to all who call this trip. I am making regular visits to Jacksonville each month and I want to examine and treat as many people as possible to show them that my new remarkable system of treating diseases is the most scientific treatment. Remember, I invite every sufferer, rich or poor, to call on me this trip. It may mean everything to you. Let me demonstrate my new system of treatment. Office hours: 2 to 5 and 7 to 8.

Morgan county, Illinois, their petition praying that an order be entered directing them, as such commissioners, to make divers repairs to the ditches and levees of said district as specified in said petition and the exhibits accompanying the same, and that the court enter an order directing that a special assessment to the amount of eleven thousand, three hundred and ninety three dollars (\$11,393.00) be levied upon the lands and public highways in said district for the purpose of obtaining funds with which to do the several works described in said petition and the accompanying exhibits and to pay the court costs and incidental expenses connected

with the levying of such assessment and the laying out and prosecution of said works.

And notice is further given, that the court has set Saturday, the 6th day of November, A. D., 1915, at 9 o'clock a. m., at the county court room in the court house in Jacksonville, Illinois, as the time and place when and where said petition will be heard and any objections thereto.

Dated this 21st day of October, A. D., 1915.

C. A. Boruff,
Clerk of the county court of Morgan county, Illinois.

attorneys for petitioners.

Illinois college has the eleven had such backing from the president down to the janitor. However great this backing may be, it takes just the eleven men with the substitutes to put Illinois college in the limelight this afternoon.

Expect Over 2,000 Attendance.

It was estimated that at the game with Wesleyan there were some 1200 people present, but it is expected that at the game this afternoon the weather being favorable that over 2,000 will watch the contest from the side lines. Extra seats have been provided for the visiting rooters and as has been formerly announced, notices have been sent out to all alumni of the college to come back on the Hill today and attend the second annual homecoming.

Many Sons Will Return.

Many sons of Illinois have already signified their intention of being present. The college band which furnished such excellent music at the last game, will be on hand today and the stage is certainly set for some big doings when the referee blows his whistle at 3 o'clock to start the ball to rolling.

Officials Announced.

It has been announced by Coach Harmon that Reed Morse (Ames) of Carrollton, Coleman of Washington U. of St. Louis, Fairweather of Illinois University and John Larson.

Complimentary Concert.

The program of the day will close with a complimentary concert given at academy hall by the Illinois Conservatory of Music for the friends of the college and Millikin people who are expected to be here.

Mr. and Mrs. William Wiswell of Murrayville were visitors in the city yesterday.

ADMINISTRATOR'S NOTICE.

Estate of Catherine Cary, deceased. The undersigned, having been appointed Administrator of the estate of Catherine Cary, late of the County of Morgan and state of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the January term, on the first Monday in January, next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned. Dated this 4th day of November A. D. 1915.

TO ALL PERSONS INTERESTED.

Notice is hereby given to all persons interested, that the commissioners of Willow Creek Drainage District have filed in the office of the clerk of the county court of

MITCHELL, Left Tackle.

A man who will face Captain Catlin of the Millikin team in today's game.

hard and play with the same aggressiveness.

Many Rooters Coming.

It is understood that Millikin has made arrangements with the Illinois Traction system for a \$1 rate between Decatur and Springfield and return, the students and team taking the Wabash railroad from Springfield to this city. The entire fare will be \$2.28, which figure is cheaper than taking the Wabash from Decatur to Jacksonville. They can secure this rate over the Traction system if fifty persons make the trip, and while it has not been formally announced, it is believed that the Millikin team will be accompanied by an unusually large number of rooters, students and followers of the game in Decatur, who will use all their means to be on hand to help their team bring home the bacon.

Great Backing for Illinois.

The students on the Hill are certainly worked up to a high state of excitement and the game has been the sole subject of conversation for the past week. Never in the history of

on the Aledo ground by a score of 12 to 6 had the result of awakening in Millikin thoughts of a championship squad. Since that game Coach Wann has been utilizing every moment in getting his men ready for the battle this afternoon.

Rumors from Millikin Camp.

All sorts of rumors have emanated from the Millikin camp relative to the game. One story printed in the Decatur papers has it that Millikin knows all of Illinois college's signals and their formations. Just when and where they gained this knowledge is hard for the local followers of the game to cipher out. Even a man who stands on the side lines and hears the signals called can scarcely obtain a knowledge of the team's signals. It is customary and is practiced among all colleges to have representatives present at a game where their opponent is going to play. Naturally the scout sees the formation and hears numbers called, but he would either have to be a shark along the mental line or else would have to be tipped off by some traitor in the camp before he could gain all the knowledge which Millikin claims to have up their sleeve concerning Illinois.

POULTRY ASSOCIATION ISSUES PREMIUM LIST

Annual Show Will be Held Dec. 6-11 in Gause Block, South Sandy Street—Nine New Cups Will be Offered as Special Trophies—Greene County Will Participate.

The sixth annual exhibit of the Morgan County Poultry association has been announced for the week of December 6, with D. T. Heimlich as judge. Indications for a large number of entries from local fanciers as well as many from the Greene county association are not lacking and the cash available for prizes is larger than before. Beside the regular premiums for the various classes, there are offered seven special cash premiums and nine special trophy cups. Entries will close Saturday evening, Dec. 4, at 6 o'clock.

Following are the officers of the association: Otto L. Domke, president; Thomas M. Stubblefield, first vice president; Edward E. Hodgson, second vice president; J. C. Weber, secretary; R. C. Reynolds, treasurer; E. R. Snyder, William J. Moore and J. E. Hoffmann compose the executive committee.

Rules and regulations specify that all birds must be the bona fide property of the exhibitors, that the superintendent of the show shall have full control of the exhibits during the show week, and that the latest American standards of perfection will govern the judges in case of all standard varieties.

All kinds of birds will be judged by comparison. Exhibitors having birds not winning a place can have the same scored on Friday of show week by the payment of a small fee. Blue ribbon will be used for first premium, red for second and green ribbon will show the winners of third premium. In the rules and specifications it is provided that a display shall consist of ten or more entries unless otherwise stated and in case of a tie the largest number will win. The points in awards shall count as follows: those winning first prize, 5 points; second, 4 points; third, 3 points; fourth, 2 points; all other birds competing and not disqualified, 1 point. Individual premiums only to be counted.

Show in New Location.

The Gause Block on South Sandy street has been secured for the show and work of fitting up the room formerly occupied by Sperry's second hand store will soon be begun. Judging from the number of inquiries for the premium list and in view of the fact that the Greene county exhibitors have promised to send 100 birds, the number of entries this year bids fair to exceed all past records. The fact that all the show this year is to be held a full month earlier and with a better chance of temperate weather will be another factor of success.

Greene county poultry men are planning their show a week before the Morgan county event, and birds to the number of at least 100 will be entered there. A banquet will be held Wednesday of show week and the Greene county fanciers are promising a good time for everyone and free tickets to all outside exhibitors.

Special Trophy Cups.

The Special Trophy Cups are as follows: Handsome silver, gold lined, \$50.00 Trophy Cup, offered by Andrew Russell, for the largest and best display of any one variety by one exhibitor or firm.

\$12.50 Silver Trophy Cup, offered by Honorable Henry T. Rainey of Carrollton, Illinois, Congressman from the Twenty-first district, for the best pen of Orpingtons. (Usual handicaps.)

\$12.50 Silver Trophy Cup, offered by Carl S. Hillerby, Prop. of Hillerby's Dry Goods Store, Jacksonville, Ill., for the best pen of Rhode Island Reds, single or rose combs.

\$12.50 Silver Trophy Cup by the Jacksonville Chamber of Commerce for the best pen of Plymouth Rocks. (Usual handicaps.)

\$12.50 Silver Trophy Cup, offered by Wm. F. Widmayer, Jerry Cox, J. Edgar Martin and Joshua Vasconcellos, commissioners City of Jacksonville, for the best pen in Asiatic class. (Usual handicaps.)

\$12.50 Silver Trophy Cup, offered by the Jacksonville Railway & Light Co., W. B. Miser, Gen. Mgr., for the best pen in Mediterranean class. (Usual handicaps.)

\$12.50 Silver Trophy Cup, offered by the Morgan County Poultry Ass'n. for the best pen of Bantams. (Usual handicaps.)

\$10.00 Silver Trophy Cup, will be offered by J. C. & A. P. Weber for the Highest Scoring Pen hatched from their best Pen S. C. White or Black Orpington Eggs Season of 1915. Birds from eggs sold at one-half price after May 1st not allowed to compete.

Special Cash Premiums. \$3.00 in cash for the largest and best display of any one variety of Plymouth Rocks.

\$3.00 in cash for the largest and best display of any one variety of Wyandottes.

\$3.00 in cash for the largest and best display of any one variety of Rhode Island Reds.

\$3.00 in cash for the largest and best display of any one variety of Orpingtons.

\$3.00 in cash for the largest and best display of any one variety of the Mediterranean Class.

\$3.00 in cash for the largest and best display of any one variety of the Asiatic Class.

\$3.00 in cash for the largest and best display of any one variety of the Asiatic class.

Regular Cash Premiums. 6 entries or more: 1st prize, \$2.00; 2nd prize, \$1.50; 3rd prize, \$1.00. 4 and less than 6: 1st prize, \$1.50; 2nd prize, \$1.00; 3rd prize, \$1.00. 2 and less than 4: 1st prize, \$1.00; 2nd prize, \$1.00; 3rd prize, \$1.00. One entry, \$1.00.

Singles Entries. 10 entries or more: 1st prize, \$1.50; 2nd prize, \$1.00; 3rd prize, \$1.00. 7 and less than 10: 1st prize, \$1.00; 2nd prize, \$1.00; 3rd prize, \$1.00. 4 and less than 7: 1st prize, \$1.00; 2nd prize, \$1.00; 3rd prize, \$1.00. 2 and less than 4: 1st prize, \$1.00; 2nd prize, \$1.00; 3rd prize, \$1.00. One entry, \$1.00.

Turkeys, Ducks, Guinea and Geese. Turkeys, Ducks, Guinea and Geese will be entered in pairs and premiums will be paid on pairs. The entry fee will be 50 cents per pair and premiums will be paid as follows:

Six pair or more: 1st prize, \$2.00; 2nd prize, \$1.00; 3rd prize, \$1.00. Four and less than 6: 1st prize, \$1.00; 2nd prize, \$1.00; 3rd prize, \$1.00. Two and less than 4: 1st prize, \$1.00; 2nd prize, \$1.00; 3rd prize, \$1.00. One pair, \$1.00.

Pigeons. Entry fee 15 cents per pair. Must be entered in mated pairs. Best Display (Not less than four varieties)—\$2.00.

Second Best Display (Not less than three varieties)—\$1.00. Third Best Display (Not less than two varieties)—\$1.00.

Egg Exhibit. Competition open to land fowls only. For the best Dozen White Eggs: 1st prize, \$1.00; 2nd prize, \$1.00.

For the best Dozen Brown Eggs: 1st prize, \$1.00; 2nd prize, \$1.00. No entry will be charged in this class but all eggs shown will be sold for the benefit of the Association, after fertility is destroyed.

Eggs will be judged for size, uniformity in shape, color and smoothness. The best way to show the superiority of our bred fowls over common stock is to show their product.

NOTICE OF EXAMINATION. The examination for teachers' certificates will be held in the office of the county superintendent, Thursday and Friday, November 11 and 12. All persons wishing to take the examination are required to file application blanks. Saturday, November 6th will be the day for filling and filing blanks. For further information call on or write H. H. Vasconcellos, County Superintendent of Schools.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH. Instant Relief! "Pape's Diapiesin" Ends Your Stomach Trouble Forever.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizziness and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Adv.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS. Give It When Febrile, Cross, Bilious For Bad Breath or Sour Stomach.

Look at the tongue Mother! It coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the food, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well-playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

ANAEMIC PEOPLE. Need More Iron in the Blood.

If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, ashken finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

Mr. W. H. Hodges, of Kansas City, Mo., says: "I suffered from the effects of bad blood, was run-down, dizzy, had headaches and did not feel like working. I had tried Beef Iron and Wine without any help. After taking Vinol four days I noticed an improvement and its continued use built up my blood and my bad feelings disappeared like magic."

The bad effects of poor, devaluated blood cannot be overestimated, and it is the peptonate of iron and the true cod liver extracts contained in Vinol, together with beef peptonate, that enriches the blood, improves the circulation and in this natural manner builds up health and strength. Try it on your guarantee. Lee P. Alcott, Druggist, Jacksonville, Ill.—Adv.

ILLINOIS STUDENTS HOLD "THUSE" MEETING ON HILL

One of the best "thuse" meets ever held in the history of Illinois College was that of Friday evening on the college campus. There was large number of students present as well as a number of citizens. Enthusiasm ran riot. All of the speakers were optimistic of the result of the game with Millikin today and if confidence goes for anything the game is already won, that is so far as the student body can help the victory along.

One disappointment was an announcement that the efforts to get the business houses to close during the game had so far been unsuccessful.

It would seem that the business men may be induced to close if the matter is presented in the proper light. In Alamo, the home of William & Vashti and in Decatur, the home of Millikin, the custom is to close when the school has a big game. Illinois today has an opportunity to win the championship of the small college of the state. It is a big thing for the school. Anything that is for the good of the school must of necessity be of benefit to the city. Illinois has gotten on the football map and she is going to stay there. It is the intention to have a committee from the college wait upon the merchants some time after 9 o'clock this morning. It is desired that every merchant think the matter over between breakfast and the above named hour and be prepared with an answer, which it is hoped will be favorable.

At the meeting Friday evening Carl Robinson, John M. Butler, W. B. Miser, F. E. Farrell, Stuart Russell, Robbin, Kussells, Owen Jones and G. W. Davis made brief talks. Mr. Butler, who is a graduate of Illinois gave the boys and girls a great talk. Mr. Butler told them that Illinois was going to win and that the alumni were going to be on hand in full force to help them. He said that it was the intention if possible to get out the Jefferies band and have the alumni meet at the Ayers National Bank corner at 2 o'clock and march to the hill. It will require some money to get the band. All alumni are requested to notify Mr. Butler or Mr. Robinson some time during the morning if they are willing to contribute to the band fund to that proper arrangement can be made.

A GOLF PLAYER.

H. J. Gardner of Beardstown came over to the city yesterday in his Buick car to visit his friend, C. J. Deppe, of this city. The gentleman is a golf enthusiast and fine player and went out to the links at Nichols park with Mr. Deppe and Mr. Byrns and exemplified some nice points in the popular game. He was much pleased with the playing facilities here and thought that a fine future for the game awaited the lovers of the game.

RELIEVES THE WORST CASE OF CATARRH

Think "Hymel the Most Wonderful Treatment for Catarrh Ever Discovered."

Do not try to cure catarrh by using sprays or lotions; it cannot be cured in that manner. The only way in which this too common disease can be fully relieved is through a direct application to the affected parts that will kill the bacilli of catarrh and prevent their growth.

Breathing the air of Hymel is the only known method of treatment that can really accomplish this. It is the simplest, most pleasant and probably the most reliable treatment for catarrh that has ever been discovered.

Numerous unsolicited testimonials have been received from prominent men and women who have been helped by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians have given strong testimony as to the powers of Hymel.

The complete Hymel outfit is inexpensive and consists of an inhaler, dropper and sufficient Hymel to last several weeks. This will effect instant relief in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use may be necessary, and then an extra bottle of Hymel can be obtained for a trifling sum. It is not alone the best (it might be called the only) method of treating catarrh, but it is also the most economical.

Conover & Shreve have so much confidence in the power of Hymel to relieve catarrh, that they will for a limited time, sell this medicine under their personal guarantee to refund the money if the purchaser can say that it did not benefit.—Adv.

AUTOMOBILES

Chester Burbank of the vicinity of Bluffs drove to the city yesterday in his Buick bringing with him Darius Burbank, Miss Mary Vortman, Geo. Cloxon and wife of Pawnee, Kansas. Mr. Burbank is a prominent citizen in his locality and an enterprising gentleman.

J. C. Chittick and family came to the city yesterday from Virginia in their Ford car. Mr. Chittick has had his car remodeled and changed in several respects and it looks much unlike its fellows.

Mr. and Mrs. O. F. Leavenworth of Decatur arrived in the city yesterday in their Overland runabout. Mr. Leavenworth formerly made this city when a traveling salesman and remained overnight to look around and renew former acquaintances.

Mr. and Mrs. Henry Vannier of Winchester rode to the city yesterday in their Maxwell car.

W. W. Pouch of New Berlin, accompanied by his friend, Norman Wilcox, arrived in the city yesterday on business in his Chalmers-Detroit car.

Horace Bridgeman and family made a shopping trip from Chandler-ville to the city yesterday in their Interstate car.

Mrs. J. E. McLain came over from Beardstown to the city yesterday in her Mitchell car bringing Mrs. Wm. Neff, Miss Mattie DeWitt and Mrs. Robert Simpson. The ladies remained in the city some time and formed a number of pleasant acquaintances. A lively crowd rolled into the city yesterday from Springfield and remained a few hours before proceeding to their respective homes in Chapin. They were very pleasant gentlemen and were W. H. Brownlow with his Studebaker car; Hernan Engelbach, John Whisman, Henry Hamilton and Owen Hamilton.

A MEMORABLE OCCASION.

A. K. Coffman, residing at 647 South Prairie street, says he well recalls a stirring occasion in Indianapolis in the fall of 1847. It was a Democratic rally and at the same time a jollification over the result of the Mexican war. He says the city was densely crowded with a tremendous throng from far and near and all were fed with a meat cooked barbecue style in which cattle, sheep and hogs were roasted.

A novel feature of the occasion also was three barrels of whiskey with heads removed and cups hanging on the side and an invitation to all to drink freely without cost. He says not very many took too much, tho some became a trifle unsteady on their legs, but the article was the pure juice of the corn without any chemicals and things to injure the liquor as is so often the case today.

The principal speakers whom he recalls were James Lane, a man especially noted for his eloquence; Capt. McDougal and a Mr. Henley, well known in those days, but since rather forgotten.

It was a general hilarity and good time prevailed and though the throng was so great there were few disturbances and all seemed bent on having a good time. Those were the days of stage coaches and canal boats and a great many persons were enjoying the first outing and holiday in a long time and all were determined to make the most of the day and they did it.

MEETING EXTRAORDINARY.

The Brotherhood of the Congregational church has a meeting extraordinary this evening. Finding they could persuade Mrs. Ingalls to describe the Panama Exposition to them, where she spent six weeks, the gentlemen wanted to extend to her the customary invitation to take supper with them. Not knowing how to arrange that she might feel at home they decided that each member of the brotherhood should be at liberty to bring his wife, his sisters or some other fellow's sister to supper at 6:30 and to invite the Congregation at 7:30 to hear the lecture.

The notice read from the pulpit was that each member might bring one guest. Some of the gentlemen were slow about mentioning supper to their wives. When the situation came to be understood at the cafeteria Tuesday evening these gentlemen had explanations to make. The wives who had received no invitation were quite inquisitive as to what guests their husbands intended to invite.

REPORT WAS NOT TRUE.

Some days ago it was reported that Thomas Williamson of Edwardsville, retiring grand chancellor of Illinois Knights of Pythias, was dead. Thursday John J. Reeve received word from Edwardsville had the effect that Mr. Williamson had undergone an operation for appendicitis and for a time was in a critical condition. At the time the letter was written it stated that he had improved and probably would recover.

DRAWINGS FOR 100,000 ACRES.

Mother's Friend Before Baby Arrives

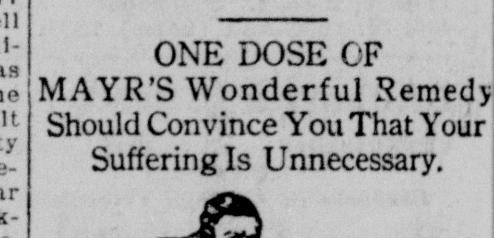

During several weeks of expectancy here is a splendid external embrocation in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. This safe external application is only used over the skin to render it amenable to the natural stretching which undergoes. The myriad of nerve threads just beneath the skin is thus relieved of unwholesome pain-producing causes and great physical relief is the result as expressed by a host of happy mothers who write from personal experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, has been given the most severe tests under most all trying conditions and is recommended by women who to-day are grandmothers and who in their earlier years learned to rely upon this splendid aid to women.

"Mother's Friend" is declared by a multitude of women to be just what expectant mothers require. You can obtain "Mother's Friend" at almost any drug store. Get a bottle to-day and then write for our little book so useful to thousands of happy mothers who have successfully used this splendid external application.

"OO-y! My Corn-n!" H-m, Use 'Gets-It'

Then You'll Have No Corns to Bump! Your Corns Will Come "Clean Off" Quick!

Did you ever see a corn peel off after you've used "Gets-It"? No! Well, it's a moving picture for your life and you hardly do a thing to it.

"Sore Corn Bumped Against Use 'Gets-It' Corns Vanish!"

Put a little "Gets-It" on, it dries at once. There's nothing to stick. Put shoes and stockings on right over it. No pain, no fuss, 48 hours—corns gone. "Gets-It" never hurts the true flesh, never makes toes sore. If you have tried almost everything else for corns, you will be much more surprised to see how quickly and easily your corns and calluses will come right off with "Gets-It." Quit using and wringing up your face with corn-wrinkles. Try "Gets-It" tonight on that corn, callus, water bunion, and you'll be glad you read this.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

MR. HENRY V. STEARNS HEARD IN BRILLIANT RECITAL

Interpreted Difficult Program Before
Enthusiastic Audience in Music
Hall Last Night.

Mr. Henry V. Stearns, director of the College of Music of the Woman's College, was heard in a brilliant recital Thursday evening at the Woman's college. Altho Mr. Stearns has been head of the musical department for the past year and has been heard with pleasure on former occasions, his appearance last night was his first formal recital. There was a large audience present and he was graciously received by the many friends who gathered there.

The numbers presented last night called for unusual interpretations and technique of a superior kind and their every requirement was fully met by Mr. Stearns. He possesses a peculiar charm in his playing that attracts and holds an audience. In the "Variations in F minor," by Brahms the audience was given a treat as to pure music and in the second group especially in the "Intermezzo in E major" by Brahms was his reading marked by good judgement. The climax which came in the Mac Dowell group was finely met by Mr. Stearns and his masterly interpretation revealed the insight which the player has upon the number, which is one of the modern school, and little heard in recitals. For his closing group he gave selections from Liszt and it was here that the virtuosity work of the player was greatly revealed. His interpretation of the "Play of the Fountains at the Villa d'Este" was all that could be desired.

As an encore to the last group Mr. Stearns gave a selection from Chopin.

The program follows:
Fantasia in C minor
.....Bach (1685-1750)
Variations in F minor
.....Haydn (1732-1809)
Rhapsodie in G minor
Intermezzo in E major
.....Brahms (1833-97)
Scherzo in C sharp minor
.....Chopin (1809-49)
Sonata Eroica
.....MacDowell (1861-1908)
Slowly and with nobility-very fast
Fast and effulgent
Tenderly and longingly
Very fast—broadly
Sonata de Petrarch
Etude in D flat
Play of the Fountains at the Villa
d'Este
Orange Liszt (1811-83)

WITH THE SICK

A. A. Curry was able to be in the city yesterday and though getting about he says he is yet quite sore and stiff but getting along as well as could be expected.

The condition of C. N. Priest yesterday was rather encouraging and hopes are entertained that he will eventually come through all right without permanent disability.

Mrs. Fred Burch of Franklin Thursday morning brought her son, James Burch, to Our Savior's hospital where the latter underwent an operation for removal of adenoids and tonsils. The boy stood the operation in good fashion.

The Rev. M. L. Pontius, pastor of Central Christian church was yesterday confined to his home by a painful tho not serious accident. Engaged in moving to the new pastoral residence he ran a rusty nail into his foot. He took all necessary medical precautions and no complications are anticipated.

Mrs. Ross Long of Markham, who recently underwent an operation at Our Savior's hospital, is improving nicely.

MATRIMONIAL

Wemple-Rice.

The marriage of Russell Wemple of Waverly and Miss Margaret Rice of Fitchburg, Mass., was solemnized at the home of the bride's parents in Fitchburg, Monday, Nov. 1. Mr. Wemple is a son of Edward Wemple of Waverly who went east with Miss Edith Wemple and Clarence Wemple to be present at the ceremony. The groom graduated from the Massachusetts school of technology and subsequently had a position in a steel mill at Fitchburg. It was while resident in the east that he met his bride and the wedding last Monday was the result of that friendship. Mr. and Mrs. Wemple are to live in Waverly where he is now connected with Wemple Brothers bank.

SERMON BY REV. MR. STEPHENS.

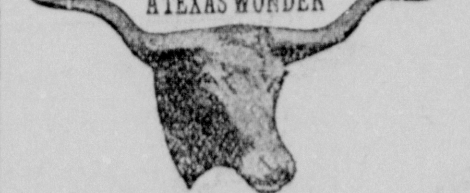

The Journal announced Thursday morning that the Rev. Frederic B. Madden would deliver the Thanksgiving day sermon. The Rev. Percy W. Stephens will deliver the sermon instead.

BURN THE LEAVES.

As the leaves are all off the trees and while they are very dry, it is desirable that everybody rake their lawns and burn the leaves in the streets and gutters before the leaves get wet. The ashes will wash into the sewers causing no damage while wet leaves clog them and cause the city considerable unnecessary expense besides endangering health. If leaves are burned now the streets and yards will be clean for the winter.

SALEM LADIES' AID SOCIETY OBSERVE EIGHTH ANNIVERSARY

Mr. and Mrs. William Thompson entertained members and friends at a pleasant gathering—Mrs. Austin King is hostess for December.

The Salem Ladies' Aid society held their eighth anniversary at the pleasant home of Mr. and Mrs. William Thompson, Thursday evening, November 4th. There was a large gathering of members and friends of the society present and the time passed most pleasantly.

The program of the evening opened with an instrumental piece by Miss Nellie Matthews, after which the president of the society, Mrs. Austin King, gave a scripture reading, then prayer was offered by the pastor, Rev. Mr. Davis. Mrs. Frank Green gave the secretary's report for the year and Mrs. Ed. Phillips gave the treasurer's report of the year.

At the close of the program a song was sung by all present, Miss Irene Phillips, at the piano. A two course luncheon was served the guests by the society at the program's ending. Those who were on the committee are: Mrs. Frank Green, chairman. Oysters—Mrs. Lusermann, Mrs. Boston, Mrs. Charles Cully and Mrs. Sturgeon.

Serving of plates—Mrs. William Davies and Mrs. Mabel Cully. Coffee—Mrs. Thos. Boyd.

The waiters were: Misses Alice Gunn, Jessie Allen, Ruth Dunlap, Eloise King, Irene Phillips, Katherine Davies, Nellie Green, Nettie Baker, Alice Baker, Cecil White, Nellie Matthews; Messrs. Ed. Allen, Arthur King, Everett Armstrong, Don Cowger, John Lukeman, Albert Crabtree.

The December meeting will be an all-day event, Dec. 2, with Mrs. Austin King, 847 South Main street, Jacksonville.

WRITES FROM CALIFORNIA.

W. T. Dodsworth, who is making an extended stay in Berkeley, Calif., has written friends here that the weather has been especially fine there for weeks past. There has been only one rainfall since last spring, but the weather bureau is now predicting a more extensive rainfall. Mr. Dodsworth and members of his family have been at the Panama-Pacific exposition and found that it equals the claims made by the management. On the 7th of October there was an earthquake at Berkeley which caused some annoyance and alarm, but no serious damage resulted.

Early Morning Blaze Partially Destroys Residence—Other News of Winchester People.

The home of Guy Paul and mother, Mrs. Martha Paul, was partially destroyed by a fire of unknown origin which was discovered Thursday morning at 1:15 o'clock. The department responded at once and the firemen did their work well. The kitchen and dining room were entirely burned and the rest of the house was damaged by smoke and water. The loss was partially covered by insurance.

Mrs. Paul and son were just moving to their new bungalow, constructed by Arch and Leo Boylan, grandsons of Mrs. Paul. They had removed the greater part of their furniture and the removal would have been complete in another day.

CHRISTIAN CHURCH PARSONAGE IS WELL BUILT STRUCTURE

Work on the new parsonage of Central Christian church is practically complete and the Rev. M. L. Pontius and family were Thursday engaged in the first work of moving from their present residence, 403 West College avenue. The new building is handsomely and solidly built and stands between Fayette and Kosciusko street on a lot adjacent to Congregational church property. The cost of the building is between \$6,500 and \$7,000 and construction was under direction of the church trustees: John R. Loar, chairman of the board; George Huffaker, F. J. Andrews, E. W. Brown and C. Riggs Taylor.

On the first floor of the house there is a reception hall, parlor, living room, dining room and kitchen and on the second floor, a sewing room, bath and four bed rooms. In the attic are constructed a spare room and a study. In the basement Bernard Gause has installed a Moline Vacuum-Vapor heating system. Charles Seymour and H. DeCastro were the carpentry and masonry contractors and C. W. Buckingham drew the plans. On the lower story are hardwood floors and woodwork of oak finish and in the second story rooms, yellow pine finish is used.

BAPTIST LADIES FINANCE IMPROVEMENTS ON CHURCH.

Improvements which will much enhance the interior appearance of First Baptist church are this week in progress, thanks to unselfish effort on the part of the members of two women's societies. The ceiling and walls are being re-decorated at the expense of the Pastor's Aid society, of which the president is Mrs. C. N. Barr. The work is being done by William Rodriguez. A new hard oak floor is being laid at the expense of the Ladies' Sewing society of the church. William Farrington has this portion of the improvement in charge.

Arrangements have been made by which no church nor Sunday school service will suffer interruption during the progress of work.

NEW CAR AGENCY.

Jacksonville Farm Supply Co. has secured the agency for the new famous Chevrolet cars. The local firm will distribute these cars in Morgan and Scott counties, and while the territory is not as large as that which they are distributing Auburn cars they are expecting a great demand for the Chevrolet. The five passenger model fully equipped sells for \$490, and another model at \$750. The prices at which these cars have been placed in the market have made something of a sensation in the automobile world.

DR. C. E. BLACK ATTENDED CONGRESS OF CLINICAL SURGEONS

Returns from Annual Meeting of Organization Held in Boston.

Dr. Carl E. Black returned last evening from a trip to the east to attend the annual meeting of the American Congress of Clinical Surgeons in Boston. This congress is for the purpose of clinical study and consists largely of clinics and clinical lectures given by the leading surgeons in the city in which the congress is held in their large hospitals at which time the latest and best work of the surgeons is exhibited. The congress this year was especially well organized and invitations to the clinics were only issued to the number of surgeons who could be comfortably accommodated in the various operating theatres of the several hospitals and the visiting surgeons could visit any one clinic a second time until all had the opportunity to visit it.

In this way all had the opportunity to study the methods of each operator. Boston is one of the leading cities in progressive surgery, especially that part of it connected with the Harvard medical school which many now consider the leading medical school of this country. The evenings were devoted to special lectures by leading surgeons of the United States and Canada so that practically the whole time was given up to surgical study.

Friday evening the annual convocation of the American College of Surgeons was held in symphony hall at which time several hundred new fellows were given degrees. This is the last session at which admission will be by recommendation. In the future new fellows will only be admitted on examination. Of course due allowance will be made for practical work done.

At this session of the College of Surgeons a permanent fund of \$500,000 was raised by one thousand fellows each contributing \$500. The interest on this fund will be devoted to research work and various methods of elevating the standard of surgery.

Dr. Black spent two days visiting his daughter, Dorothy who is attending Columbia University in New York and also visited some surgical clinics in that city. On his return he spent four days at the Crile clinic in Cleveland. This clinic puts into daily practice all those remarkable advances in surgery which are due to the work done in Dr. Crile's research laboratory and there is a constant stream of medical visitors at these clinics.

While in Cleveland Dr. Black was a guest at the home of Dr. Crile.

All Members of Jacksonville Lodge No. 570 A. F. & A. M. are requested to meet at the Lodge room at 1:30 this afternoon to attend the funeral of Bro. E. O. Mayer. All members of the Masonic fraternity are cordially invited to meet with us.
